

## SPC CABLE

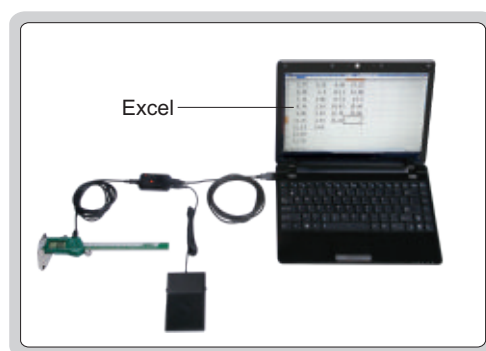

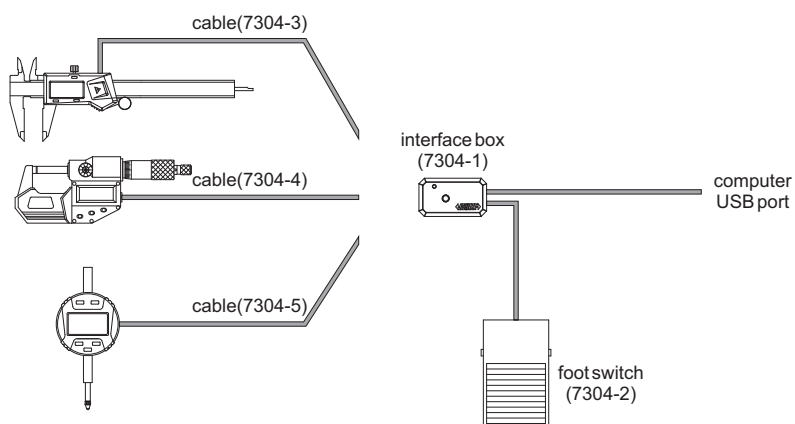

7304-1

7304-2

7304-3

- Without special software, the data can be input as keyboard signal to Excel, Word, CAD, Skype, etc.
- Press the red button on the interface box or the foot switch to input data. Foot switch is optional
- The interface box can accept all cables (code **7304-3**, **7304-4**, **7304-5**), but can accept only one cable at the same time

| Code   | Description                          | Applicable products                                                                                                                                                        |                                           |
|--------|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|
| 7304-1 | interface box with cable (length 2m) |                                                                                                                                                                            |                                           |
| 7304-2 | foot switch with cable (length 1.5m) |                                                                                                                                                                            |                                           |
| 7304-3 | cable (length 0.5m)                  |                                                                                         | digital calipers and digital depth gauges |
